HERE'S WHAT MAKES CENTERPRISE DAAS DIFFERENT.

GREAT SAVINGS

Save up to 26% on the capital cost of the equipment, giving you the flexibility to reroute additional budget elsewhere.

NATIVELY SECURE

Powered by the latest operating systems to ensure security, with the optional addition of Sophos Endpoint Protection from just £3.97 per device per month

FLEXIBLE CONTRACTS

Choose your term from only 18 months.

QUARTERLY PAYMENT MODEL

Moving beyond a simple technology lease approach to include incredible value-add services to give you access to everything you need to succeed.

BE SUPPORTED

Our UK-based, experienced and knowledgeable technical support team are available anytime you need them, as a single point contact for both hardware and software.

NO PROPRIETARY SOFTWARE

Our solutions are built on the tools you're already using, so there's no need to buy or integrate a new system.

END-TO-END SERVICE

From setup, configuration and deployment all the way through to ADISA and ISO 27001 accredited asset disposal for existing devices.

FAST DEPLOYMENT

Start benefiting from your technology straight away, with streamlined deployments harnessing the latest in automation to get users up and running quickly.

ENHANCED WARRANTY, BUILT-IN

Be more productive and keep disruptions to a minimum with our industry-leading warranty, all part of your subscription. Get a replacement device shipped by the next business day to be back up and running as fast as possible.

HOW WE'RE DIFFERENT

We're not just rebadging a vendor or disti's offering. We've listened to our customers and designed our DaaS offering in response to their needs, rather than that of technology or finance companies.
